

NINA'S RUSTY HORNS

Old fashioned New Orleans Jazz from Cologne

Nina's Rusty Horns are not only playing forgotten New Orleans jazz, but also blues from legends like Bessie Smith, Georgia White or Memphis Minnie. The Band dug deep to find some very rare pieces. They wiped off the dust and perform them with love and passion. It swings and sometimes even gives a taste of the upcoming rock'n roll. The tunes of Nina's Rusty Horns are definitely danceable and they always tell a good story. And even if a good old german Schlager sneaks into their repertoire, it feels like it's straight from New Orleans.
